

Economic Research & Analysis

...Bringing Oklahoma's Labor Market to Life!

FOR RELEASE: June 29, 2005

Oklahoma Local Area Unemployment Statistics for May 2005

IMPORTANT NOTICE REGARDING LABOR FORCE ESTIMATES

As we informed you in April, the Bureau of Labor Statistics (BLS) recently notified all states that inputs provided for calculating Local Area Unemployment Statistics (LAUS) were in error. The error affected all states, not just Oklahoma. Due to this problem, the Economic Research & Analysis division was required to re-calculate all sub-state (metropolitan statistical area, county and city) labor force estimates for 2000, 2001, 2004 and 2005, including civilian labor force, number employed, number unemployed and unemployment rate. Statewide estimates for these years were not affected.

The data contained in this report reflects these changes. This information is also available on our website (www.oesc.state.ok.us.lmi) and from the Bureau of Labor Statistics website (www.bls.gov). All data has been re-calculated using the new BLS inputs. Please note that all data contained in this report has been revised, except that for May 2005.

We apologize for any inconvenience. Beginning with the release of the June 2005 data on July 28, 2005, information for both the CES and LAUS programs will be provided in one news release, as has previously been the case.

For more information on the technical side of the error, you may reach the BLS Local Area Unemployment Statistics program at 202-691-6392.

UNEMPLOYMENT RATES

Oktob area 4 Eq./ 1 0.3% for month	COUNTIES & EQUIVALENTS
Oklahoma 4.5% ♣ 0.3% for month ↓ 0.1% over year	Highest rate: 8.1% (Okfuskee County)
<u>MSAs</u>	Lowest rate: 2.7% (Dewey County)
Oklahoma City MSA: 4.2%	Big % gain: Okfuskee County 1 by 0.8% to 8.1%
Tulsa MSA: 4.5% Lawton MSA: 4.7%	Big % loss: Okmulgee County ↓ by 0.2% to 5.8%

TABLE OF CONTENTS

Employment, Unemployment, Labor Force Employment Data/Tables					
Regional	2	County	2	May '05 Labor Force	4
Metropolitan Statistical Areas	2	Unemployment Rate map	3	Jan, Feb, Mar, Apr '05 Revised	5

NOTE: This publication is produced by the Economic Research & Analysis division of the Oklahoma Employment Security Commission as a no cost service for the state of Oklahoma. All information contained within this document is available free of charge on the OESC website (www.oesc.state.ok.us/lmi/) and through LMI publications developed by the ER&A division. <u>Unless otherwise noted, all statistics are preliminary and have not been adjusted for seasonal factors.</u> All data is collected under strict guidelines provided by the Bureau of Labor Statistics. **Although a large amount of data has been presented through the included tables, this is in no way meant to suggest that all data has been included. Due to space restrictions, only relevant industries and subsectors have been included for each geographic area.**

STATE UNEMPLOYMENT RATE RISES FOR FIRST TIME SINCE JANUARY

Oklahoma's **State Unemployment Rate** rose by three-tenths of a percent in May to reach 4.5 percent. This jump follows three consecutive months of unemployment rate drops.

The reason for the spike in the unemployment rate is the addition of 6,090 people (+8.5 percent) to the state's **Non-seasonally Adjusted Unemployment** over the month. Statewide **Non-seasonally Adjusted Employment** and **Non-seasonally Adjusted Labor Force** both held relatively steady in May, with the former dropping 2,300 people (-0.1 percent), and the latter adding 3,790 (+0.2 percent).

U.S. and Regional	MAY 2005			UNEMPLO	OYMENT R	ATE

ALL MSA UNEMPLOYMENT RATES RISE IN MAY 2005

Following the trend seen in the state numbers, all three of the state's Metropolitan Statistical Areas reported rising unemployment rates in May 2005. The **Oklahoma City MSA** added three-tenths of a percent to reach 4.2 percent. **Tulsa MSA** also rose by three-tenths to 4.5 percent. The **Lawton MSA** unemployment rate gained the most, with a rise of six-tenths to reach 4.7 percent for May.
