Labor Force Information for Affirmative Action Programs

**Oklahoma Employment Security Commission
Economic Research and Analysis**

Labor Force Information for Affirmative Action Programs

The data in this publication reflect the most current U.S. Census data and pertinent Oklahoma labor force information needed to formulate affirmative action programs for the nation, state, metropolitan statistical areas (MSAs) and all 77 Oklahoma counties. Detailed Equal Employment Opportunity reports for occupations of civilian labor force by minority status/gender are available upon request for the nation, state, MSAs and counties.

This publication is printed and issued by the Oklahoma Employment Security Commission (OESC) as authorized by the Oklahoma Employment Security Act. Three hundred fifty (350) copies have been prepared and distributed to interested parties, or are to be distributed, upon request at a cost of \$724.50 paid through federal funds granted to the OESC by the U. S. Department of Labor.

The information contained herein utilizes data from the 2000 Census as well as the 2002 Census population estimate. Data were obtained from the U. S. Bureau of the Census and made available to by the Oklahoma Department of Commerce (Oklahoma State Data Center). In addition, the Oklahoma Employment Security Commission provided data on individuals actively seeking employment. The reports furnished in this document were prepared in accordance with the procedural requirements of the Office of Federal Contract Compliance Programs (OFCCP) within the Employment Standards Administration of the U. S. Department of Labor (41 CFR 60-2.10 and 2.11). The OESC has designed this publication to assist employers in meeting federal and state requirements of affirmative action programs by providing population and labor force information. For questions regarding population information, please contact the Oklahoma Department of Commerce or the U. S. Bureau of the Census.

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

This publication utilizes four (4) tables by which pertinent statistical data are reported to enable employers to adhere to the requirements of federal and state legislation regarding affirmative action programs. A fifth table detailing race and gender distributions within occupations is available upon request. These tables reflect the most current data available to us.

Tables 3, 4 and 5 contain year 2000 data from the U.S Census Bureau's Decennial Census. Tables 3, 4 and 5 will remain current until the U.S. Bureau of the Census obtains and releases the Census information for 2010. Note that Table 2 contains information obtained at local Oklahoma Employment Service offices as of June 30, 2002, and is updated and published annually.

The statistical information reflected within Tables 1- 4 utilizes the accepted and required data analyses as established by the Office of Federal Contract Compliance Programs, U.S. Department of Labor and the Oklahoma Employment Security Commission. To further assist employers in the formulation of their affirmative action programs, the information is arranged in accordance with the criteria developed for employers in designing Affirmative Action Programs as suggested by the Office of Federal Contract Compliance Programs of the U.S. Department of Labor (41 CFR 60-2.1 1).

OVERVIEW OF TABLES

Statistical analyses contained herein are based on the residence of Oklahomans, consistent with U. S. Department of Labor uniformity.

Table 1: Total Population and Population by Minority Status and Gender for a specified geographical area (Source: 2002 Census Population Estimate Data, U. S. Bureau of the Census and Oklahoma State Data Center).

Table 2: Occupations by Dictionary of Occupational Title (D.O.T) Codes of Employment Service Applicants registered as of June 30, 2002, in local area offices (Source: Oklahoma Employment Security Commission).

Table 3: Labor Force Information by Minority Status and Gender, including total civilian labor force, employment, unemployment and the unemployment rate for a specified geographical area (Source: 2000 Census Data, U.S. Bureau of the Census).

Table 4: Census 2000 EEO data for Occupations of Civilian Labor Force by Minority Status and Gender for a specific geographical area (Source: 2000 Census EEO Data Tool, U. S. Bureau of the Census).

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

OVERVIEW OF TABLES (Continued)

Table 5: (Available on request) EEO Detailed Reports for Occupations of Civilian Labor Force by Minority Status and Gender for Statewide, OKC MSA and Tulsa MSA. To obtain EEO Detailed Report Statistics on U.S. and/or individual Oklahoma counties, call (405) 557-7255. (Source: 2000 Census Data, U.S. Bureau of the Census).

WORKFORCE AND EIGHT FACTOR ANALYSIS

Under Executive Order 11246, the Office of Federal Contract Compliance Programs is charged with the responsibility of achieving "*the aims of... and insuring equal opportunity for all persons without regard to race, color, religion, sex, or national origin, employed or seeking employment with government contractors or with contractors performing under federally assisted construction contracts*" (41 CFR 60-1.1, 7-1-88).

41 CFR 60-2.10 specifies the required contents of affirmative action programs including:

"...An acceptable affirmative action program must include an analysis of areas within which the contractor is deficient in the utilization of minority groups and women, and further, goals and timetables to which the contractor's good faith efforts must be directed to correct the deficiencies and, thus to achieve prompt and full utilization of minorities and women, at all levels and in all segments of its work force where deficiencies exist" (41 CFR 60-2.10).

41 CFR 60-2.11 defines the required utilization analysis as follows:

Based upon the Government's experience with compliance reviews under the Executive Order program...minority groups are most likely to be underutilized in departments and jobs within departments that fall within the following Employer's Information Report (EEO-1) designations:

Officials and managers, professionals, technicians, sales workers, office and clerical, and skilled craftsmen.

As categorized by the EEO-1 designations, women are most likely to be underutilized in departments and jobs within departments as follows:

Officials and managers, professionals, technicians, sales workers (except over the counter sales in certain retail establishments), craftsmen (skilled and semi-skilled).

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

WORKFORCE AND EIGHT FACTOR ANALYSIS (Continued)

Therefore, the contractor shall direct special attention to such jobs in its analysis and goal setting for minorities and women. Affirmative action programs must contain the following information:

(a) Workforce analysis, which is defined as a listing of each job title as appears in applicable collective bargaining agreements or payroll records (not job group) ranked from the lowest paid to the highest paid within each department or other similar organizational unit including departmental or unit supervision. If there are separate work units or lines of progression within a department, a separate list must be provided for each such work unit or line, including unit supervisors. For lines of progression, there must be indicated the order of jobs in the line through which an employee could move to the top of the line. Where there are no formal progression lines or usual promotional sequences, job titles should be listed by department, job families, or disciplines, in order of wage rates or salary ranges. For each job title, the total number of incumbents, the total number of male and female incumbents, and the total number of male and female incumbents in each of the following groups must be given: Blacks, Spanish-surnamed Americans, American Indians, and Orientals. The wage rate or salary range for each job title must be given. All job titles, including all managerial job titles, must be listed.

(b) An analysis of all major job groups at the facility, with explanation of minorities or women currently being underutilized in any one or more job groups ("job groups" herein meaning one or a group of jobs having similar content, wage rates and opportunities). "Underutilization" is defined as having fewer minorities or women in a particular job group than would reasonably be expected by their availability. In making the utilization analysis, the contractor shall conduct such analysis separately for minorities and women.

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

WORKFORCE AND EIGHT FACTOR ANALYSIS (Continued)

(1) In determining whether minorities are being underutilized in any job group, the contractor will consider at least all of the following factors:

- | | |
|--|--|
| <i>Refer to Table 1</i> | <i>(i) The minority population of the labor area surrounding the facility;</i> |
| <i>Refer to Table 3</i> | <i>(ii) The size of the minority unemployment force in the labor area surrounding the facility;</i> |
| <i>Refer to Table 3</i> | <i>(iii) The percentage of the minority workforce as compared with the total workforce in the immediate labor area;</i> |
| <i>Refer to Tables 2, 4 or 5 for "requisite skills" data in the labor area</i> | <i>(iv) The general availability of minorities having requisite skills in the immediate labor area;</i> |
| | <i>(v) The availability of minorities having the requisite skills in an area in which the contractor can reasonably recruit;</i> |
| <i>Refer to Employer's Personnel files</i> | <i>(vi) The availability of promotable and transferable minorities within the contractor's organization;</i> |
| <i>Refer to local training and educational institutions</i> | <i>(vii) The existence of training institutions capable of training persons in the requisite skills; and</i> |
| <i>Contractor Training</i> | <i>(viii) The degree of training, which the contractor is reasonably able to undertake as a means of making all job classes available to minorities.</i> |

(2) In determining whether women are being underutilized in any job group, the contractor will consider at least all of the following factors:

- | | |
|--|--|
| <i>Refer to Table 3</i> | <i>(i) The size of the female unemployment force in the labor area surrounding the facility;</i> |
| <i>Refer to Table 3</i> | <i>(ii) The percentage of the female workforce as compared with the total workforce in the immediate labor area;</i> |
| <i>Refer to Tables 2, 4 or 5 for "requisite skills" data in the labor area</i> | <i>(iii) The general availability of women having requisite skills in the immediate labor area;</i> |
| | <i>(iv) The availability of women having requisite skills in an area in which the contractor can reasonably recruit;</i> |

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

WORKFORCE AND EIGHT FACTOR ANALYSIS (Continued)

<i>Refer to Table 2</i>	<i>(v) The availability of women seeking employment in the labor or recruitment area of the contractor;</i>
<i>Refer to Employer's Personnel files</i>	<i>(vi) The availability of promotable and transferable female employees within the contractor's organization;</i>
<i>Refer to local training and educational institutions</i>	<i>(vii) The existence of training institutions capable of training persons in the requisite skills; and</i>
<i>Contractor Training</i>	<i>(viii) The degree of training which the contractor is reasonably able to undertake as a means of making all job classes available to women. " (41 CFR60-2.11, 7-1-88)</i>

COMMENTS REGARDING EIGHT FACTOR ANALYSIS

Eight Factor Analysis For Minorities

Factor 1: Population information of the labor area surrounding the facility is contained in Table 1.

Factor 2: The labor force market area information (Unemployment, Employment, Total Labor Force) surrounding the facility is in Table 3.

Factor 3: The percentage of the minority workforce as compared with the total workforce in the immediate labor area is contained in Table 3.

Factor 4: The general availability of minorities having the requisite skills in the immediate labor area is contained in Tables 2, 4 and 5.

NOTE: Area applicants registered with the local OESC Employment Service Offices as of June 30, 2002, are listed by DOT Codes for the local area in Table 2. Tables 4 and 5 contain 2000 Census information of the civilian labor force.

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

COMMENTS REGARDING EIGHT FACTOR ANALYSIS (Continued)

Factor 5: The availability of minorities having the requisite skills the contractor can reasonably recruit is contained in Tables 2, 4 and 5.

NOTE: If the recruitment area is local, this is the same as Factor 4. For recruitment in another state, contact the U.S. Department of Labor.

Factor 6: The availability of promotable and transferable minorities within the contractor's organization comes from the contractor's (employer's) personnel files. The past hiring patterns of the organization reflect the availability of minorities on the contractor's payroll who have the requisite skills for the job group being analyzed.

Factor 7: The existence of training institutions capable of training persons in the requisite skills is reflected by the percentage of minorities enrolled in educational and training institutions serving the contractor's recruitment needs. If recruiting is done from a training institution, you may contact the educational institution and request the number of minorities graduating in a particular program or field of study from which you recruit.

Factor 8: The degree of training the contractor is reasonably able to undertake as a means of making all job classes available to minorities is determined by the number of jobs in which training occurs AFTER employment and determining the percentage equal to that of minorities in the relevant labor force market area. This factor may sometimes be the same as Factor 6.

Eight Factor Analysis For Females

Factor 1: The size of the female unemployment force in the labor area surrounding the facility is contained in Table 3.

Factor 2: The percentage of the female work force as compared with the total work force in the immediate labor area is contained in Table 3.

Factor 3: The general availability of women having the requisite skills in the immediate labor area is contained in Tables 2, 4 and 5.

NOTE: The area applicants registered with the local OESC Employment Service Offices as of June 30, 2002, are listed by DOT Codes for the local area in Table 2. Tables 4 and 5 contain 2000 Census information of the civilian labor force.

LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

COMMENTS REGARDING EIGHT FACTOR ANALYSIS (Continued)

Factor 4: The availability of women having the requisite skills the contractor can reasonably recruit is contained in Tables 2, 4 and 5.

NOTE: If the recruitment area is local, this is the same as Factor 3. For recruitment in another state, contact the U.S. Department of Labor.

Factor 5: The availability of women seeking employment in the labor or recruitment area of the contractor is contained in Table 2. For nationwide recruitment or recruitment in another state, please contact the U.S. Department of Labor.

Factor 6: The availability of promotable and transferable females within the contractor's organization comes from the contractor's (employer's) personnel files. The past hiring patterns of the organization reflect the availability of females on the contractor's payroll who have the requisite skills for the job group being analyzed.

Factor 7: The existence of training institutions capable of training persons in the requisite skills is reflected by the percentage of females enrolled in educational and training institutions serving the contractor's recruitment needs. If recruiting is done from a training institution, you may contact the educational institution and request the number of females graduating in a particular program or field of study from which you recruit.

Factor 8: The degree of training the contractor is reasonably able to undertake as a means of making all job classes available to women is determined by the number of jobs in which training occurs AFTER employment and determining the percentage equal to that of females in the relevant labor force market area. This factor may sometimes be the same as Factor 6.

All Affirmative Action Programs require separate Factor Analyses for minorities (Blacks, American Indians, Asians, Hispanics, and Others) and for females. Once you have completed the Eight Factor Analysis for minorities, you must then do an Eight Factor Analysis for the females.

CENSUS 2000 SPECIAL EEO TABULATION

Occupational Crosswalk to EEO Occupational Groups and EEO-1 Job categories

The Census 2000 Special EEO File occupational crosswalk began with 509 unique categories from the 2000 Census classification system and was adjusted as follows: (a) 35 categories with fewer than 10,000 employed nationwide were aggregated into larger categories, so that all occupational categories shown on the EEO File will be greater than 10,000; (b) four military specific occupations were excluded; and (c) one category was added for the unemployed with no work experience since 1995. When the unemployed with no work experience since 1995 (Census Code 992) are included, there are 472 occupational categories; when this category is not included, there are 471 categories. This process resulted in the 472 occupational categories that are shown in the table below.

The 472 Census 2000 codes are matched to equivalent 2000 SOC codes and use the following notational rules for SOC codes. In general, when a Census code matches a 2000 SOC detailed occupation, the detailed SOC code is cited, e.g., 11-1011, 11-9199, and 13-1022. However, if a Census code combines all of several 2000 SOC detailed occupations within a broad occupation or minor group, the SOC broad occupation or minor group code is cited, e.g., 11-2020 and 25-1000. Furthermore, if the census code aggregates two or more SOC categories in a way that does not have a single SOC equivalent code, the SOC code as shown on the EEO File contains alpha characters, e.g., 13-11XX and 47-50YY.

A list of codes and titles for the 14 EEO Occupational Groups and the 9 EEO-1 Job Categories for the 2000 EEO File are presented below. The EEO File does not contain sub-categories within the EEO-1 Officials and Managers Job Category, because these levels must account for additional factors, such as industry and earnings.

EEO Occupational Groups and Titles for the Census 2000 Special EEO File

EEO Occupational Codes	EEO Occupational Group Titles for the Special EEO File
1	Management, Business and Financial Workers
2	Science, Engineering and Computer Professionals
3	Healthcare Practitioner Professionals
4	Other Professional Workers
5	Technicians
6	Sales Workers
7	Administrative Support Workers<
8	Construction and Extractive Craft Workers
9	Installation, Maintenance and Repair Craft Workers
10	Production Operative Workers

11	Transportation and Material Moving Operative Workers
12	Laborers and Helpers
13	Protective Service Workers
14	Service Workers, except Protective

EEO-1 Job Categories and Titles for the Census 2000 EEO File

EEO-1 Job Codes EEO-1 Job Category Titles for the Special EEO File

1	Officials and Managers
2	Professionals
3	Technicians
4	Sales Workers
5	Administrative Support Workers
6	Craft Workers
7	Operatives
8	Laborers and Helpers
9	Service Workers

992 (2)	Unemployed, with no work experience since 1995	none	-	-

- Note: Helpers -- Extraction Workers (Census Code 693) and Other Extraction Workers (Census Code 694) would normally not be combined in the same EEO occupational category. In this instance, however, EEOC defers to the OMB requirement that census occupational categories must be consistent with the SOC minor group structure.
- Note: Code 992 includes people 16 years and older with civilian work experience who are unemployed and have not worked since 1995; who have never worked and are looking for work; and who have worked since 1995, but whose last job was in the military, and are looking for civilian work.
Code 992 is not applicable to worksite/residence and worksite tables.

OCCUPATIONAL CATEGORIES BY DICTIONARY OF OCCUPATIONAL TITLES (DOT) AND DIVISIONAL GROUPS

PROFESSIONAL, TECHNICAL AND MANAGERIAL

Occupations in: architecture; engineering; surveying; mathematics; physical sciences; life sciences; social sciences; medicine and health; education; museum, library and archival sciences; law and jurisprudence; religion and theology; writing; art; entertainment and recreation; administrative specializations; managers and officials; and miscellaneous professional, technical and managerial occupations not elsewhere classified (n.e.c.).

CLERICAL SALES OCCUPATIONS

Occupations in: stenography, typing, filing and related occupations; computing; account recording; production and stock clerks and related; information and message distributions and related; miscellaneous clerical; sales and services; sales, consumable commodities; and miscellaneous sales.

SERVICE OCCUPATIONS

Occupations in: domestic service; food and beverage preparation and service; lodging and related service; barbering, cosmetology and related service; amusement and recreation service; miscellaneous personal service; apparel and furnishings service; protective service; and building and related service.

AGRICULTURAL, FISHERY, FORESTRY AND RELATED OCCUPATIONS

Occupations in: plant farming; animal farming; miscellaneous agricultural and related; fishery and related; forestry; and hunting, trapping and related.

PROCESSING OCCUPATIONS

Occupations in: processing of metal; ore refining and foundry; processing of food, tobacco and related products; processing of paper and related materials; processing of petroleum, coal, natural and manufactured gas, and related products; processing of chemicals, plastics, synthetics, rubber, paint and related products; processing of wood and wood products; processing of stone, clay, glass and related products; processing of leather, textiles and related products; and processing occupations, n.e.c.

OCCUPATIONAL CATEGORIES BY DICTIONARY OF OCCUPATIONAL TITLES (DOT) AND DIVISIONAL GROUPS

MACHINE TRADES

Occupations in: metal machining; metalworking, n.e.c.; mechanics and machinery repairers; paperworking; printing; wood machining; machining stone, clay, glass and related materials; textiles; and machine trade occupations, n.e.c.

BENCHWORK

Occupations in: fabrication, assembly and repair of metal products, n.e.c.; fabrication and repair of scientific, medical, photographic, optical, homological and related products; assembly and repair of electrical equipment; fabrication and repair of products made from assorted materials; painting, decorating and related; fabrication and repair of plastics, synthetics, rubber and related products; fabrication and repair of wood products; fabrication and repair of sand, stone, clay and glass products; fabrication and repair of textile, leather and related products; and bench work occupations, n.e.c.

STRUCTURAL WORK

Occupations in: metal fabricating, n.e.c.; welders, cutters and related; electrical assembling, installing and repairing; painting, plastering, waterproofing, cementing and related; excavating, grading, paving and related; construction occupations, n.e.c.; and structural work occupations, n.e.c.

MISCELLANEOUS

Occupations in: motor freight; transportation, n.e.c.; packaging and material handling; extraction of minerals; production and distribution of utilities; amusement, recreation, motion picture, radio and television occupations, n.e.c.; and graphic art work.

SOURCES OF INFORMATION REGARDING AFFIRMATIVE ACTION (OFCCP, Directors Report, 1991, P. 20)

FEDERAL LAWS AND REGULATIONS

Executive Order 11246, as amended, prohibits discrimination in hiring or employment opportunities on the basis of race, color, sex, religion and/or national origin. It applies to all contractors and subcontractors holding any federal or federally assisted contract worth more than \$10,000 annually. In addition, the Executive order requires contractors and subcontractors with a federal contract of \$50,000 or more, or who have 50 or more employees, to take affirmative action and actively recruit qualified workers from every segment of the workforce and to provide training and advancement opportunities for all employees.

Section 503 of the Rehabilitation Act of 1973, as amended, prohibits discrimination and requires affirmative action in all personnel practices for people with disabilities. It applies to firms with federal contracts of \$10,000 or more annually.

38 USC 4212 - The Vietnam Era Veterans' Readjustment Assistance Act of 1974 prohibits discrimination and requires affirmative action in all personnel practices for disabled veterans and Vietnam-era veterans. It applies to firms with federal contracts of \$10,000 or more annually.

Immigration Reform and Control Act of 1986 requires employers to maintain certain records pertaining to the citizenship status of new employees. These records are examined during the course of compliance reviews and complaint investigations and are reported to the Immigration and Naturalization Service.

Americans with Disabilities Act of 1990 (ADA) Most employees have recourse through two federal non-discrimination statutes: the Rehabilitation Act of 1973 and the ADA.

Revisions to the Standards of the Classification of Federal Data on Race and Ethnicity

Federal Register Notice (62 FR 58782-58790) October 30, 1997.

Background: The Office of Management and Budget (OMB) announced revisions to the standards for classification of federal data on race and ethnicity in a Federal Register Notice on October 30, 1997 (62 FR 58782-58790).

Office of Management and Budget – OMB Bulletin NO. 00-02, March 9, 2000.

An excerpt:

The five minimum race categories are American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. Census 2000 will be the first nationwide implementation of the revised standards. Data from Census 2000 will capture more accurately the increasing diversity of the Nation's population. Results from the Census 2000 will display a full range of single and multiple races reporting by the American people. As the revised standards for collecting and presenting the data are implemented, we must ensure that we maintain our ability to monitor compliance with laws that offer protections for those who historically have experienced discrimination.

In response to requests from agencies responsible for monitoring and enforcing civil rights laws, OMB has led an interagency group to develop guidance. This guidance addresses the allocation by agencies of responses, whether individual or aggregate, for use in civil rights monitoring and enforcement.

In 62 FR 58782-58790, Section E: Tabulation Issues: Guidelines for Tabulation, the combined format method requires six minimum categories: American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, and White. In addition to the minimum single race categories and ethnic category, responsible agencies will determine additional combinations that meet the 1 percent threshold for the relevant jurisdictions. A balance category is provided to report those individual responses that are not included in (1) one of the five single race categories and ethnic category, or (2) other combinations that represent more than 1 percent of the population jurisdiction. "When aggregate data are presented, data producers shall provide the number of respondents who marked (or selected) only one category, separately for each of the six categories." This refers to Census tabulations for "alone" for each of the five racial categories and the ethnic category Hispanic or Latino. "In addition to these numbers, data producers are strongly encouraged to provide the detailed distributions, including all possible combinations of multiple responses. In cases where data on multiple responses are collapsed, the total number of respondents reporting "Hispanic or Latino and one or more races" and the total number of respondents reporting "more than one race" (regardless of ethnicity) shall be provided" (62 FR 58782-58790) (Page 17 of 19).

Revisions to the Standards of the Classification of Federal Data on Race and Ethnicity (Continued)

62 FR 58782-58790

3. *Standards for Record Keeping and Reporting*
 - a. *Statistical Reporting*

“Any other variation will have to be specifically authorized by the Office of Management and Budget through the information collection clearance process.”

b. Civil Rights and Other Compliance Reporting – These standards shall be used by all federal agencies in either the separate or combined format for civil rights and other compliance reporting from the public and private sectors and all levels of government. Any variation in requiring less detailed data or data which cannot be aggregated into the basic categories must be specifically approved by OMB for executive agencies. More detailed reporting, which can be aggregated to the basic categories, may be used at the agencies’ discretion.

1. *Presentation of Data on Race and Ethnicity*

Displays of statistical, administrative and compliance data on race and ethnicity shall use the categories listed above. In displaying detailed information that represents a combination of race or ethnicity, the description of the data being displayed shall clearly indicate that both bases of classification are being used (page 18 of 19).

Effective Date is immediate for all new or revised record keeping or reporting requirements and all existing record keeping or reporting requirements no later than January 1, 2003.

Standards for Maintaining, Collecting and Presenting Federal Data on Race and Ethnicity (Excerpt from Federal Registry, October 30, 1997)

Categories and Definitions

The minimum categories for data on race and ethnicity for federal statistics, program administrative reporting and civil rights compliance reporting are defined as follows:

- **American Indian or Alaska Native:** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- **Asian:** A person having origins in any of the original peoples of the Far East, Southeast Asia or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand and Vietnam.
- **Black or African American:** A person having origins in any of the black racial groups of Africa. Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American."
- **Hispanic or Latino:** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term "Spanish origin" can be used in addition to "Hispanic or Latino."
- **Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa or other Pacific Islands.
- **White:** A person having origins in any of the original peoples of Europe, the Middle East or North Africa.
- **White and American Indian:** In Oklahoma, this racial category meets the 1 percent threshold at the state level, the four MSA levels and for numerous counties.
